

Apprenticeships

Please find below the induction and delivery dates for all respective apprenticeships for the 2024/25 academic year. Please note, that the induction day may differ from the regular academic delivery day. However, the semester delivery day will remain consistent throughout the first semester. Block delivery plans have been sent via email.

Additionally, you can find links (below) to the LSBU 2024/25 Academic year calendar. For apprentices enrolling with LSBU, we recommend planning your annual leave during semester breaks or on your non-delivery day to avoid conflicts with your studies.
